

2016 SARC Annual Report

California Department of Transportation, District 12

Alternative Name(s): Caltrans District 12

Agency Type(s): Caltrans

Report Type: Full

Physical Address:

3347 Michelson Drive, Suite 100
Irvine, CA 92612
County: Orange
Jurisdiction: Irvine

Mailing Address:

3347 Michelson Drive, Suite 100
Irvine, CA 92612

CalRecycle Representative:

Mallory Burden
Mallory.Burden@calrecycle.ca.gov
(916) 324-1263

Number of Employees at Agency: 439

Annual Report Status: Submitted

Submitted by Richard Gougeon (richard.gougeon@dot.ca.gov) on 4/27/2017 4:26:49 PM

Additional Annual Report Information

The information below is additional information for this annual report provided by the Agency to CalRecycle staff.

No additional information provided.

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <http://www.calrecycle.ca.gov/StateAgency/Reporting/>

Annual Per Capital Disposal

Employees

Total Number of Employees: 828

Explain who was included in this number and how was this employee number calculated.

Employees included in the total count are as follows: District 12 employees working at the District office, Construction and Maintenance field offices, and non District 12 Departmental employees (D11, D20, D22, D23, D32-Shop 12, D59 and D65) working within District 12 offices. The employee count is based on the Master Payroll for District 12 and the various field offices. Non District 12 employee counts were gathered by the supervisors...because they are not listed on the Master Payroll.

Non-Employee Population

Total number of non-employee population: 5896

Population Type: Visitors

How was this population number determined?

The non employee population is comprised of visitors, vendors, and technicians visiting the District 12 office. The visitors are required to sign in at the Security Guard desk when entering the building. The sign in logs were used to calculate the total number of visitors to the District 12 building.

Disposal

Total amount disposed: 29,060.78 tons

Total transformation: 0.00

How was this disposal number determined?

The disposal amount was calculated from Solid Waste-Disposal and Recycling Report (CEM - 4401) forms submitted to me from the Construction branch. The CEM 4401 form provides a specific breakdown of materials as follows:

- 1. Amount Taken To Landfill (tons)*
- 2. Amount diverted from Landfills to a recycling facility (tons)*
- 3. Amount generated and then reused on this job (tons)*

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <http://www.calrecycle.ca.gov/StateAgency/Reporting/>

<https://secure.calrecycle.ca.gov/SARC/AnnualReport/Reports/Default.aspx?AnnualReportID=1493>

Date Generated: October 9, 2017 3:39 PM

Page 8 of 23

Annual Results

	<u>Employee Population</u>		<u>Non-Employee Population</u>	
	<u>Target</u>	<u>Annual</u>	<u>Target</u>	<u>Annual</u>
Per capita Disposal Rate (pounds/person/day):	74.80	192.32	148.30	0.00
Per Capita Transformation Rate:	15.00	0.00		
Calculated Disposal Rate (pounds/person/Day):	--	192.32		

Questions

What types of waste are still thrown away (not reused, recycled, or composted)?

Referring to our CEM 4401 forms, the following materials were taken to a landfill:

concrete (380 tons), metal (0 tons), mixed debris (5700 tons), wood (0 tons) and other (20 tons)

What difficulties or obstacles have you had with finding ways to recycle, reuse or compost these types of wastes?

The materials listed above are reused from construction projects. Contracts for these projects include specifics on how to handle refuse. Factors as to why these materials were not recycled are not known.

Programs

Recycling

- Beverage containers
- Glass
- Plastics (#3-7)
- Cardboard
- Newspaper
- Office paper (white)
- Confidential shredded paper
- Copier/toner cartridges
- Scrap metal
- Wood waste
- Textiles

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <http://www.calrecycle.ca.gov/StateAgency/Reporting/>

<https://secure.calrecycle.ca.gov/SARC/AnnualReport/Reports/Default.aspx?AnnualReportID=1493>

Sludge (sewage/industrial)

Tires

Construction materials/debris

Rendering

District 12 fully participates in all recycle programs available in our District building,, field office locations, field construction and maintenance projects.

The district building is housed in a leased facility and property management (LBA Realty) provides recycle bins for paper, plastics, batteries and toner/inkjet cartridges. In addition, LBA Realty offers bi-annual e-cycle events to tenants, and District 12 (including all field office locations) fully participates in these events.

Green Waste...on-site composting and mulching

Green Waste...self haul

Green Waste...commercial pick-up

Xeriscaping...our roadside landscaping uses landscaping that requires low water usage.

Green Waste...mulching occurs

Green Waste, Self Haul...hailed to the dump

Green Waste, commercial pick-up...green waste is hauled to the dump

Material Exchange

Nonprofit/school donations

Internal property reutilizations

Employee supplies exchange

Recycle activities for calendar year 2016 are as follows:

District 12 recycled 14.092 tons of e-waste material

District 12 construction field offices recycled 70,301 tons of material (asphalt concrete 52,384 tons, concrete 17,429 tons, mixed debris 178 tons, and wood 310 tons)

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <http://www.calrecycle.ca.gov/StateAgency/Reporting/>

<https://secure.calrecycle.ca.gov/SARC/AnnualReport/Reports/Default.aspx?AnnualReportID=1493>

Date Generated: October 9, 2017 3:39 PM

Page 10 of 23

District construction field offices reused 190 tons of material on the job (asphalt concrete 2 tons, other 188 tons).

District 12 maintenance field offices recycled 318,060 tons of material. I received these number amounts from Sue Ingle who is with Cal recycle. There is a mandatory contract in place which is administered by Cal recycle, to utilize vendor SA Recycling to collect/process recycled materials (majority is metal, aluminum, etc.) from District 12's six (6) maintenance field office locations.

Material Exchange

Nonprofit/school donations

Internal property reutilizations

Our property controller works with DGS to donate appropriate equipment (computer, keyboards, monitors, etc) to non-profits/schools.

District 12 employees routinely exchange and/or reuse furniture, materials, etc.

Waste Prevention/Re-use

Paper forms reduction - online forms

Bulletin boards

Remanufactured toner cartridges

Reusable boxes

Reusable pallets

Electronic document storage

Intranet

Reuse of office furniture, equipment & supplies

Reuse of packing materials

Reuse of construction/remodeling materials

Double-sided copies

Email vs. paper memos

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <http://www.calrecycle.ca.gov/StateAgency/Reporting/>

<https://secure.calrecycle.ca.gov/SARC/AnnualReport/Reports/Default.aspx?AnnualReportID=1493>

Date Generated: October 9, 2017 3:39 PM

Page 11 of 23

Paper forms reduction: All forms utilized by our Department/District are available online.

Bulletin boards: Used throughout our District (all four floors of the District building and all Field office locations) to bring information to employees.

Remanufactured toner cartridges: Purchased by our Cal-Card holders.

Reusable boxes: Cardboard boxes are reused for storage, shipment, etc.

Reusable pallets: Our Stockroom and Reprographics areas routinely use pallets for large shipments of paper/equipment. The pallets are reused by our employees and the vendors that deliver them.

Electronic document storage: Our Project Management unit acquired a server designated for file storage. Server was brought online in 2012 and electronic file storage is now occurring.

Intranet: The majority of employees working in District 12 have access to our intranet, and an e-mail account. The District Intranet is utilized to bring information to employees, and e-mail accounts are an integral part of our business operations. Employee email accounts are used to send/receive information that include flyers/attachments, which eliminates the need to print and bring this information on a large scale.

Reuse of office furniture, equipment & supplies: The various Divisions/Units operating within District 12 purchase their own equipment/furniture/supplies, etc. When new items come in, Divisions/Units will offer their old items to other units/employees. A lot of furniture has been recycled through this process.

*Reuse of packing materials: When shipments are received, bubble wrap, etc. are reused by employees/mailroom.
Reuse of construction/remodeling materials: As previously described on CEM-4401 reports.*

Double-sided copies: Our Reprographics unit creates a multitude of materials that are double-sided.

*E-mail vs. paper memos: E-mail is the standard means of communication within our Department/District.
Information/updates are brought to employees via e-mail.*

Green Procurement

- Recycled Content Product (RCP) procurement policy
- Environmentally Preferable Purchasing (EPP) procurement policy
- Staff procurement training regarding RCP/EPP policies
- RCP/EPP and/or SABRC requirements language included in procurement contracts for products/materials
- Other green procurement activities (explain in Agency Program Notes below)

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <http://www.calrecycle.ca.gov/StateAgency/Reporting/>

<https://secure.calrecycle.ca.gov/SARC/AnnualReport/Reports/Default.aspx?AnnualReportID=1493>

Date Generated: October 9, 2017 3:39 PM

Page 12 of 23

District 12 adheres to public contract code 12153, which requires state agencies to utilize recycled-content products (RCP). All credit card (CAL-card) holders receive training through our Division of Procurement and Contracts (DPAC) on the importance of purchasing recycled items and obtaining a Recycle Content Certification form (ADM 2038).

Training and Education

Signage (signs, posters, including labels for recycling bins. Existing or planned for 2017.)*

Brochures, flyers, newsletters, publications, newspaper articles/ads

Earth Day: District 12 employees from Environmental and Transportation Planning attended an LBA sponsored Earth Day Event on April 21, 2016. Employees set up a booth and distributed materials and brochures, educating the public on environmental concerns and recycling efforts.

Organics

Organic Materials Generated at this location:

No Organic Material at this Facility

Amount of Materials Generated:

8 or more cubic yards of organic material per week (2016)

Determination Type:

Current Service Level Analysis based on hauler bills or receipts

Reuse and Waste Prevention Programs for these materials:

How are you diverting your organic materials at this location?

Diversion Category

Diversion Method

Explanation
